Notes

AH Ball cruised Norway & Sweden in 1933. He was a R Clyde YC member and was killed in the war. He bought the Dragon designs home. In 1934 J Howden Hume & GF Paisley bought Anita. McGruers of Clynder built the first 6 Dragons in the UK, in 1935/6. The early numbers are confusing and I assume that they all numbered slightly after the first few had been built or imported. By the end of the first year on the Clyde, there were 25 Dragons sailing. In 1938 25 boats raced on the Clyde. By 1939 there were 120 dragons registered in UK & Ireland, with fleets in Clyde, Belfast lough, Burnham & Solent.

Dragons were built at Robertson's Yard on the Clyde and launched in 1937, a year before the 'Anita'.

Over the past few years I have been researching the history of Alexander Robertson's boatyard at Sandbank, Argyll. Alexander Robertson was my great-grandfather, hence the interest.

According to an old yard build-book register three Dragons were built in 1937, which means they would have been launched at the start of the season, in April or May 1937.

1948 awarded Olympic status. 1957 there were 169 registered UK Dragons in Solent, Medway, C Burnham, Torbay, Lowestoft, Granton, Scarborough, Aldburgh, Belfast, Cork & Dublin.

Subject of a book re cruise to Scandinavia in 1948, 'Gerda's Sea Saga' by Morin Scott

Broken up

Anita, the first Dragon arrived in the UK in 1934. She was demonstrated on the Clyde & in 1935 there were 6 boats racing. Anita first appeared in Lloyd's Register of Yachts in 1936. BDA site 'The first British built Dragon, "Anita" (owned by J.H. Hulme), was launched on the Clyde in 1938 and by the end of that same year there were 25 Dragons racing on the Clyde.'

The number was transferred by the original owner from an earlier Polly which had presumably been broken up or sold abroad. Originally varnished later painted dark blue, then grey, then dark blue. Teak decks. Completely renovated in 1998 by Aldeburgh boat yard including new teak deck. Lying at Aldeburgh boat yard in winter storage 2009

Robertson's Yard Boat No 213, 'Pinta ??' was built for Lt Somerville. During my research I found references to a 1937 Dragon plan in the archives. Royal Dragon book says Pinta was the most successful boat raced on the Clyde in 1938 and owned by W Russell. However, I'm not sure which one of the three built it 1937 it was. "Dragon One" (Robertson Boat Number 213); - Construction Profile & Deck Plan - Body Plan. I wonder whether Walter Caldwell, or his family, built Pinta (I). She may have been either K15 or K36 for neither of which do I have a name. It looks as though they owned Pinta II from new. Karen Methven(daughter) might know but I have lost touch with her.
Raced 51

Anita is confusing. It isn't clear whether she was ultimately K8 or K18

Primula K20 and Pinta II K252 were definitely Robertson boats. Robertson's Yard Boat No 216, 'Primula' was built for H F B Sharp. Primula had various owners at Lowestoft. I have also seen a photo of her racing at Burnham so she may have been there at some point. She is last recorded in what I have on the Blackwater in 1978. Lloyd's register of Yachts (1950 Edition); Entry No - 5214; Yacht - Primula; Type - Nat. Dragon OD; Build - 1937; Builder - Alexander Robertson, Sandbank;Owner (1950) - C L Lewis, Lowestoft

Raced 51

Raced Clyde 48

Robertson's Yard Boat No 212, 'Argee' was built for Miss Sheila Leitch. Spoke to one of the old Robertson's Yard workers a few days ago, and he remembered Argee so that probably means she was a Robertson built yacht. Also, the one Dragon photo in the Robertson Family archives is Argee, which was identified by your sail number (K26).

Raced Clyde 48. Believed wrecked in Yealm.

In Netherlands, based in Friesland

Restored by Lowestoft Wooden Boatbuilding School for Richard Green

Based originally in Belfast Lough. By 1968 she was in Dublin but returned to Belfast later. She was wrecked and, I believe, destroyed in 1986

In Blackpool 1980

At Orford 1977

Wrecked in October 1987 gale

Raced on Clyde 48

Was in Yorkshire in 1958 and then moved to Waldringfield in the late '60s. Sold to the Netherlands

I believe she was lost off Lowestoft in early 1960s

This boat is the perfect restoration project, It is in need of a complete refurbishment but it has the potential to looking amazing and race in a very popular class.

Winner Clyde Week 1955

Almost certainly exported to Canada. If so Canadian details are correct

Robertson's Yard built 2 further Dragons: Arabis, Yard No 253 or 254 in 1945; Pinta II, Yard No 291 in 1952. I wonder whether Walter Caldwell, or his family, built Pinta (I). She may have been either K15 or K36 for neither of which do I have a name. It looks as though they owned Pinta II from new. Karen Methven(daughter) might know but I have lost touch with her.
